You can see how critical it is to change old habits to reduce your odds of being a victim of an auto burglar. Note the number of vehicles that were burglarized in our Area Command in just 24 hours and the assortment of items left inside unattended vehicles. It appears that four of the nine auto burglaries were to vehicle that were left unlocked or with the windows rolled down. If you can clear your vehicle of all items of value and lock up you will be practicing crime prevention. Crime prevention is every citizen's responsibility.
